

TRUE
Before Mother's Friend was introduced.
The older the prospective mother be the more difficult the ordeal through which she must pass before she experiences the glory of the maternal state. This was true before

Mother's Friend
was introduced, but now tangible evidence in the shape of countless mothers of advanced years who have used it with entire success forces us to gladly refute the integrity of this statement. Old or young, the result is the same. It is simply indispensable during the parturient state, and absolutely invaluable at the crucial time.

For external massage, easy and simple to apply, wonderful in its effect, it surely is a living monument to the truth of that old adage, "What's in a name?" We reply, "simply Mother's Friend." \$1.00, at all druggists. Send for book, "Motherhood." It is free.

PENSACOLA STUDENT ESCAPES WISCONSIN FIRE

Mr. Clement Blount, Jr., son of Hon. A. C. Blount of this city recently had a thrilling experience with that dread destroyer fire.

He is a student in St. John's Military Academy, at Delafield, Wis., and on the night of the ninth his dormitory, the principal of the several buildings, was burned.

Fortunately the fire was discovered about half an hour before taps and the boys were still out of bed, and not one of the seventy-five students was injured though they barely escaped with their lives and lost all their belongings.

The accident caused a two weeks recess which all who live near enough are spending at their homes. Mr. Blount remains at the college and writes to a friend that the dormitory will be rebuilt at once on an enlarged and improved scale.

His many friends, especially in the younger society set will rejoice to learn that Mr. Blount so happily escaped, though the loss of clothing and other property at the beginning of the term is serious enough.

MADE AN EAGLE SCREAM.

Mr. H. O'Connell, one of the guards at "Camp Irishman" on Bayou Texar, was called to shoot a big bird Thursday evening and when he brought it down it proved to be a young eagle that measures four feet and eight inches from tip to tip of its wings.

Mr. E. Hilborn has the eagle on exhibition at the depot where it is attracting considerable interest.

MARRIAGE OF MISS VIOLET HARRIS.

All of Florida journalism will unite in congratulating Dr. William Herbert Powers of Ocala upon his marriage to Miss Violet Harris daughter of Editor Frank Harris of the Ocala Banner and Mrs. Harris.

Mrs. Powers is not only a very beautiful and cultured girl but is intellectually accomplished and has ably conducted the social department of her father's paper for several years.

While Ocala society rather expected a brilliant social function at some time in the indefinite future as a result of their mutual admiration, it was "taken off its feet" last Tuesday when it discovered that the young couple had strolled down town in the afternoon and been quietly married in the office of Dr. Izlar a mutual friend, by Rev. L. W. Moore.

One of the very delightful features of the affair is the graceful tribute paid to both the Doctor and his fair bride by the Ocala Star in its simple and full account of the unusually interesting event.

MISS BARNES TO BE MARRIED IN MISSOURI.

The pupils and many friends of Miss Lucy Barnes who taught mathematics and science in the high school last year, will be interested to learn that she will be married Oct. 25, to Mr. J. E. Seeger.

The wedding will take place in Eureka, Mo., where Miss Barnes has spent the summer. They will be "at home" after Nov. 1, in Andalusia, Ala.

The little daughter of Mr. and Mrs. E. F. DeLand, who has been ill of malarial fever, has recovered and is now playing about the room.

Miss Minnie Brown who has spent the last two months with her grandmother, Mrs. J. V. Brown in Myrtle Grove, has gone to Bellview to visit Mrs. Frank Lewis.

Mr. Dudley Thornton is one of the fortunate house guests spending the autumn with Mr. and Mrs. W. K. Hyer, Jr., on the Bayshore.

Mrs. Russell J. Owens, of Pensacola, arrived yesterday on a visit to her parents, Dr. W. H. and Mrs. Beatrice Marcan. Mr. and Mrs. Owens have been sojourning in Nashville, Tenn., and Birmingham, Ala., since the appearance of yellow fever in their home city.

Mr. Owens has established a branch office of his business in Birmingham and will remain there until the epidemic has passed. Master Marcan, the handsome little son of Mr. and Mrs. Bernard, has accompanied her on her visit to Ocala.

Mr. and Mrs. Bernard refused to desert the stricken city and are doing a noble work for the relief of the sick and suffering ones of Pensacola.—Ocala Banner.

The Friday Euchre met with Mrs. Thorsen. Mrs. Bonifay won the ace prize. Mrs. Walter White the consolation, Miss Dora Pfeiffer the lone hand, and Mrs. Vincous Faurie the booby. The next meeting will be with Mrs. John Pfeiffer.

Dr. F. B. Maura is still in charge of the detention camp at Crestview, Fla. It will be remembered that Dr. Maura, who had experience in yellow fever treatment in Cuba and the Philippines while surgeon in the army, was early selected as one of Dr. Porter's assistant quarantine officers, and has been at the Crestview camp ever since.

Miss Elizabeth Crowell's friends are pleased to hear that she is well and enjoying her special training in Hospital Economic, New York, where she will remain for a year.

Miss Marion Suter is among the numerous Pensacolians in New York awaiting cold weather in Florida.

Mrs. A. K. Suter and Miss Maude Suter are still on the Bayshore. Miss Ethel is across the river from New Orleans, teaching in a boy's school.

Mr. James Leonard left yesterday for Hot Springs.

Judge and Mrs. A. C. Blount's little daughter Miss Carrie, has quite recovered from her attack of malarial fever.

Mr. Arthur Hurst, after spending the required time at the detention camp, will visit his sister Mrs. T. M. Henderson at Muscogee.

Mr. Robert Henderson who has been sick for several weeks is able to be up.

Miss Minnie Lou Dennis is entirely well and her brother-in-law Mr. S. C. Donaldson, when he returned to the Escambia camp was greeted with "Ah, you don't look so yellow, after all." "Well," was the reply, "I may not look yellow but I've been feeling mighty blue."

Little James Robinson is recovering nicely.

Mrs. F. C. Bradley has recovered from the effects of the accident which laid her up for two weeks.

Mr. Albert G. Bagley has returned from a trip to Illinois, Iowa and Indiana where he has been visiting friends and relatives.

Miss Crescencia Borrás and Leonora Borrás are up and about after a brief illness.

The very many friends of Mrs. Fred O. Howe were grieved to learn that she has been seriously ill of bronchitis in New York. A telegram received yesterday stated that Mrs.

Howe was improving. Further news is anxiously awaited. Mrs. Grace Biercke is with her sister who has the best professional care, and it is now believed that she will steadily improve.

Miss Irene Touart who has been visiting relatives in Kansas for the past several months left Monday with her aunt Mrs. W. H. Cartter for Springer, New Mexico. While in New Mexico they will be the guests of Mrs. Cartter's daughter Mrs. George King for several weeks. Then they will start for Pensacola much to the pleasure of their numerous friends and relatives.

No expense is spared in the manufacture of Blue Ribbon Lemon and Vanilla Extracts. They are absolutely pure and so highly concentrated that only half the quantity is required and the flavor is simply perfect.

CARRABELLE

Special to The Journal.

Carrabelle, Oct. 21.—Judge C. T. Wattren is building a cottage on Myrtle avenue. He expects to move into it in thirty days.

The G. F. & A. Ry. pay car was here Thursday and many were made happy. The Camp Lumber Co.'s mill has suspended business two weeks for necessary repairs.

The C. S. & G. R. R. Company will extend their track to the Camp Lumber Co.'s mill.

A new wharf is under construction to accommodate cotton and naval stores that will be shipped through Carrabelle for Pensacola and Mobile by the steamer Tarpon.

Dr. D. M. Newton, industrial agent for the G. F. & A. Ry., arrived Wednesday. He will be here all winter. He has several projects on foot that will mean much to Carrabelle.

Col. J. R. Williams, president of the G. F. & A. Ry., W. M. Tisg, general manager, J. H. McWilliamson, G. F. and P. Agent, came over the road last week in Mr. Williams' private car. Col. Williams spoke of several improvements that would be made in the near future.

Six Carrabellians are on the grand jury this week, hence are enjoying themselves in Apalachicola.

BLOOD POISON THE BLACK FLAG

The black flag is an emblem of horror and dread. When it is hoisted by an army, the order has gone forth that "no quarter" will be given, everything must be destroyed. Helpless women and children, as well as opposing soldiers, meet the same fate, and a trail of desolation, suffering and death is left behind. Contagious Blood Poison is the black flag of the great army of disease. This vile disorder is known as the blackest and most hideous of all human afflictions, overthrowing its victims and crushing out the life. It is no respecter of persons; no matter how pure the blood may be or how innocently the disease is contracted, when this awful virus enters the circulation the hideous, hateful and humiliating symptoms begin to appear, and the sufferer feels that his very presence is polluting and contaminating. Usually the first sign of the disease is a little sore or ulcer, but as the blood becomes more deeply poisoned the severer symptoms are manifested, the mouth and throat ulcerate, the glands in the groins swell, a red rash breaks out on the body, the hair and eyebrows come out, and often the body is covered with copper-colored spots, pustular eruptions and sores. In its worst stages the disease affects the nerves, attacks the bones and sometimes causes tumors to form on the brain, producing insanity and death. Not only those who contract the poison suffer, but unless the virus is driven from the blood the awful taint is handed down to offspring, and they are its innocent victims. Blood Poison is indeed a "black flag." Mercury and Potash, so often used, never can cure the trouble. These minerals merely drive the symptoms away for awhile and shut the disease up in the system, and when they are left off it returns worse than before. This treatment not only fails to cure blood poison but eats out the delicate lining of the stomach and bowels, produces chronic dyspepsia, loosens the teeth and frequently causes mercurial rheumatism to add to the patient's suffering. S. S. S., the great vegetable medicine, is the conqueror of this vile disease. It goes down to the very root of the trouble and cures by cleansing the blood of every particle of the poison. S. S. S. does not hide or cover up anything but clears the entire circulation of the virus and puts the system in good healthy condition. It cures safely as well as certainly, because there is not a particle of mineral in it. We offer a reward of \$1,000.00 for proof that S. S. S. is not purely vegetable. When the blood is purified and strengthened with this great remedy the symptoms all pass away and no sign of the disease is ever seen again; nor is there left the least trace to be handed down to posterity. Special book with instructions for self-treatment and any medical advice desired will be sent without charge to all who write.

Several years ago I had blood poison and my flesh was in an awful condition. Great sores would break out and nothing I put on them would do any good. My hair and eyebrows fell out and I was "a fright." My mouth was so sore I had to live on milk and water. I took Mercury for a long time and instead of getting better I continued to grow worse and my arms and hands became solid sores. My legs were drawn so I could not walk and I felt that my time was short here if I did not get some relief. I began to use your S. S. S. and it helped me from the start. After taking it awhile the sores all healed, my rheumatism was cured and to-day I am a strong, well man. It got all the mercury out of my system and it cured me sound and well.
